How to find SAT resources using your library's online catalog:

1. Input the following web address: <http://catalog.plsinfo.org>. This web address will take you to your library's online catalog.
2. Enter "SAT" as the keyword entry. Click "Search".
3. You will now see a listing of all SAT resources that are available in all libraries in San Mateo County, which is also known as the "Peninsula Library System".
4. If you wish to search by specific materials or by specific library location, click "Modify". This will take you to the "Advance Keyword Search" web page.
5. Select from the "Location" selection list. You can skip this step if you only want to search by specific material rather than by location.
6. Select from the "Material Type" selection list. You can limit your search by DVD, e-Books, books, videos, etc.
7. Click "Submit". You will then see a listing of all SAT resources that are available at a particular library or in a particular format.
